2018 10th International Conference on Machine Learning and Computing(ICMLC 2018)

University of Macau, China.

ABOUT ICMLC 2018

2018 10th International Conference on Machine Learning and Computing aims to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results on all aspects of Machine Learning and Computing. It also provides a premier interdisciplinary platform for researchers, practitioners and educators to present and discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the fields of Machine Learning and Computing.

CALL 4 PAPER

- Adaptive systems
- Business intelligence
- Hybrid and nonlinear system
- Biometrics
- Fuzzy set theory, fuzzy control and system
- Bioinformatics Knowledge management
- Data and web mining
- Information retrieval
- Intelligent agent
- Intelligent and knowledge based system
- Financial engineering
- Rough and fuzzy rough set
- Inductive learning
- Networking and information security
- Geo-informatics
- Evolutionary computation
- Pattern Recognition
- Ensemble method
- Logistics
- Information fusion
- Intelligent control
- Visual information processing
- Media computing
- Computational life science
